

# PEPTIDE THERAPY

Peptide therapy at Renew Specialty Group uses naturally occurring amino acid chains to signal and support the body's own repair, regeneration, and balance. When combined with BHRT, peptides can enhance hormone optimization and promote more complete, whole-body wellness.

## Beauty Peptide (GHK-CU/ MOTS-C/EPITHALON)

Price: \$500 monthly

- Stimulates collagen for firmer skin
- Reduces wrinkles and fine lines
- Supports tissue repair and healing
- Supports healthy aging
- Enhances mitochondrial and metabolic function
- Supports better sleep and hormonal balance

## Anti- Aging Peptide (NAD+)

Price: \$300 monthly

- Clear brain fog and reduce fatigue
- Repair DNA
- Boost cognition
- Fix your sleep cycle
- Anti-aging and weight loss
- Reduce inflammation and pain

## Weight Loss Peptide (AOD-9604)

Price: \$400 monthly

- Fat reduction
- Metabolism boost
- Stimulates lipolysis (breakdown of fat) Inhibits lipogenesis (formation of new fat cells)
- Joint & cartilage support
- Normalizes glucose levels
- No HGH side effects

## Healing Peptide (BPC-157)

Price: \$350 monthly

- Speeds up muscle, tendon, and ligament repair
- Eases joint pain by reducing swelling and inflammation
- Helps autoimmunity
- Supports gut health, improving recovery from digestive issues
- Wound and bone healing
- Speeds recovery from injury

## Muscle Building Peptide (CJC-1295/ IPAMORELIN)

Price: \$500 monthly

- Enhances metabolism and promotes lipolysis
- Stimulates lean muscle development and recovery
- Increases deep sleep
- Supports collagen production
- Helps with tissue repair, making it popular among athletes

## Libido Peptide (KISSPEPTIN)

Price: \$400 monthly

- Stimulates the release of Gonadotropin Releasing Hormone (GnRH)
- Enhances fertility, promotes ovulation and sperm production
- Boosts testosterone & estrogen
- Improves sexual function Boosts brain function
- Lowers the risk of heart disease

## Lean/ Strength Peptide (SERMORELIN)

Price: \$350 monthly

- Supports muscle growth, fat loss, and overall vitality
- Enhances fat metabolism Improves sleep quality
- Supports anti-aging
- Boosts muscle recovery & performance
- Strengthens immune function
- Improves bone density

## Immune Peptide (TB-500)

Price: \$450 monthly

- Speeds up recovery from injuries, including muscle, tendon, and ligament damage
- Aids in illness recovery
- Reduces inflammation
- Promotes cell growth and repair in skin, muscles, and organs
- Supports heart & blood vessel health

## Sleep Peptide (DSIP)

Price: \$400 monthly

- Enhance memory and cognitive function
- Improve sleep efficiency
- Helps reduce anxiety and improve mood
- Helps regulate body temperature while sleeping
- Helps with hot flashes

## Anti- Stress Peptide (OXYTOCIN)

Price: \$300 monthly

- Promotes feelings of love and trust
- Reduces stress and anxiety
- Improves mood
- Promotes relaxation

## Fat Loss Peptide (IGF-1LR3)

Price: \$425 monthly

- Enhances fat metabolism and supports body recomposition
- Boosts strength and performance during training
- Helps reduce inflammation and supports tissue repair
- Supports anti-aging pathways and overall vitality

## Wolverine Blend (BPC-157 / TB500)

Price: \$500 monthly

- Great for athletes or anyone with chronic pain, strain, or overuse injuries
- Helps improve joint pain and mobility
- Reduces inflammation and soreness
- Promotes faster healing of gut lining
- Enhances circulation to damaged tissues
